

## Adopt A Dog

The connection between humans and dogs has been long acknowledged as one of the strongest bonds around - even if, at some point, they will inevitably try to steal a sausage off your plate. They're incredibly loyal. It's no wonder 40% of dog owners recently admitted they tell their dogs everything - we know we can trust them to be there for us! Their positive attitude is infectious. Dogs get so excited over the simplest things - discarded food wrappers, a trip to the corner shop - that they make you appreciate the little things in life.
